7 - PGX DAILY

Fiber:
Satiety, Weight Loss,
Detox

Viscous fibers have been shown to reduce postprandial glucose concentrations and lower total and LDL-cholesterol. Granules also trap ingested carbohydrates and lipids inside the gel matrix, decreasing the transport as well as the uptake of glucose and cholesterol associated with increased satiety and reduced appetite; in a randomized trial, PGX reduced hunger and prospective consumption when combined with a low calorie diet, and in an earlier trial enhanced weight loss and reduced percent body fat when used in concert with lifestyle changes. Increases insulin sensitivity for less fat storage.

STIR 1 LEVEL SCOOP (5 G) BEFORE EACH MEAL 2-3 TIMES PER DAY INTO 10 - 16 OZ OF COLD WATER

Drink additional water (10-16 oz) after ingesting PGX. Begin with ½ a scoop and gradually increase over several days as tolerated.

30 DAY DETOX

Keep In Mind

This is a 30 Day Detox that focuses on supporting your body's natural detoxification pathways along with utilizing:

- a colon cleanse
- liver cleanse
- a structured antimicrobial cleanse
- and a repletion program of good gut microbes that support a healthy microbiome.
- Key dietary recommendations that support Kidney, Blood and Lymphatic cleansing

Ideally utilizing this detox program and supplements for 30 - 90 days is most ideal. So feel free to continue your plan when our 30 day detox ends.
