# SIBO, DYSBIOSIS, GI SUPPORT

## GI TISSUE REPAIR SUPPORTS

TAKE DAILY

### RepaireVite - SE

(Hypo-allergenic) - best for those needing low FODMAP

Take 1 scoop in 4 - 8 oz water daily  
Can increase to 2 scoops daily if symptoms are great.

A high-quality, selective blend that includes brush border enzymes, L-glutamine, and zinc carnosine is incorporated to help support intestinal cell metabolism, digestive function, and the intestinal microbial environment

### RepaireVite - SE

Take 1 scoop in 4 - 8 oz water daily  
Can increase to 2 scoops daily if symptoms are great.

formula includes flavonoids, carotenoids, and phytochemicals that may nourish gastrointestinal tissue.\* It includes extracts with mucilage content and uses glycoproteins that help sustain the mucous membrane.\* Additionally, this product incorporates plant sterols and ferulic acid esters intended to support the enteric nervous system.

## GI DIGESTIVE SUPPORT

OPTIONAL  
WITH MEALS

### Betaine HCL & Pepsin

Take 1 - 3 with meals as tolerated and as recommended by your nutritionist.

Betaine HCl and pepsin are gastric-juice components essential to the digestion of food and absorption of most nutrients. In particular, betaine HCl is necessary for adequate absorption of protein, calcium, vitamin B12 and iron. The low pH of the stomachs hydrochloric acid destroys ingested bacteria and microorganisms.

### Supper Enzymes

1 - 3 Capsules with each meal as tolerated and as recommended by your nutritionist.

A comprehensive blend of enzymes that supports healthy digestion. Formulated with Bromelain, Ox Bile, Pancreatin and Papain, Super Enzymes helps to optimize the breakdown of fats, carbohydrates and protein.

### Beta TCP

1 Capsule with each meal

supports both healthy bile flow, and the normal bile acid-to-cholesterol conversion. It contains both digestive and antioxidant enzymes, along with Taurine and organic beet concentrate.
